

## **IMPORTANT NOTICE TEMPORARY STREET CLOSURE**

The City will be replacing the sewer main on Cochin Avenue prior to the repaving work later this summer. The project will start on May 29th, and is estimated to last for three weeks. While the work is being done, we will need to temporarily close off access through Cochin Avenue and limit vehicles to local traffic only.

We will also need to close off 5th Street West between 5th and 6th Avenue at the beginning of the project on May 29th and 30th.

There will be open excavations on the street for the replacement of the sewer main. We ask all drivers to respect barricades and exercise caution around work sites.

Notice of changes to this project will be posted on the City website, as well as communicated directly to the residents of Cochin Avenue.

If you have any questions or concerns about this work, please contact City Hall. Thank you for your patience during this construction. Please forward any comments to City Hall at 306-236-3622 or email [engineer@meadowlake.ca](mailto:engineer@meadowlake.ca).
