Happy New Year!

UTILITY E-BILLING

Sign up for e-billing! This helps save paper and also gets your bill to you up to a week sooner than bills sent out by regular mail. Application forms can be found by emailing utilityclerk@meadowlake.ca or on the website at meadowlake.ca/p/utility-billing.

THINK BEFORE YOU FLUSH

Meadow Lake's wastewater flows to the wastewater plant lift station. There is a basket in the lift stations wet well to catch solids and debris to protect the pump from damage. If a blockage occurs at the lift station or the pumps are damaged by debris, Meadow Lake's entire sewer system can be impacted.

THROW AWAY, DON'T FLUSH AWAY

- Cooking oil
- Clothes
- Medications
- "Flushable" wipes
- Diapers

FROZEN SERVICE LINE

Section 42 of the Water and Sewer Bylaw states that city residents are entitled to one free thaw once per year.

To prevent repeated freezing, the City may authorize or instruct the property owner to connect an approved "bleeder" line or open an approved tap.

If you experience frozen service lines, you will need to contact a plumber to determine the cause and fix the problem.

Did you know?
A shower head that drips 10 drops per minute wastes more than 1800L of water or \$6.61 per year
